## 24TH U. S. CAVALRY IN HOT PURSUIT OF VILLA FORCES WHO ARE MAKING DESPERATE EFFORTS TO REACH HILLS

FEDERAL FORCES WITHDRAW WHEN UNCLE SAM'S WARRIORS HURRY ACROSS THE RIO GRANDE AT EL PASO AND DRIVE VILLA TROOPS FROM JUAREZ AFTER BATTLE.

## AMERICAN INFANTRY WITHDRAWN

VILLA'S MEN DEFEATED SECOND TIME NEAR LORENZO, SAYS BRIEF REPORT ISSUED AT HEADQUARTERS—MANY VILLISTAS ARE BELIEVED KILLED.

EL PASO, TEXAS, JUNE 16.—(Associated Press)—At 11 o'clock the entire Second Cavalry Brigade, composed of the 5th and 7th cavalry regiments, could be seen 8 miles south and west of Juarez in massed pursuit of Villa forces which were engaged at ten o'clock near Lorenzo, it was stated at military headquarters.

At 11:20 a. m. the cavalry appeared to be gaining rapidly on the Villista band which was making a desperate effort to reach the mountains to the southwest of Juarez.

## U. S. INFANTRY BACK IN EL PASO

JUAREZ, JUNE 16.—(Associated Press)—United States Infantry troops started withdrawing from Juarez to America at 10:30 this morning. Major General Deroosey Cabell crossed the international bridge for a conference with General Gonzales, commander of the Juarez troops.

At 10:45 a. m. the Twenty-fourth Infantry started marching across the international bridge from Juarez and by eleven o'clock the entire command was back on American soil, after having spent exactly 11 hours on Mexican soil.

## DEFEAT REBELS IN SHORT ORDER

EL PASO, TEXAS, JUNE 16.—(Associated Press)—American troops sent into Mexico last night to stop indiscriminate firing across the border, fought their first general engagement with the Mexican rebel forces of Francisco Villa at the Juarez race track shortly after two o'clock this morning, and the Americans were victorious.

Villa's troops were driven from the race track by rifle and machine gun fire, and many prisoners were reported taken by United States cavalry, which took up positions on the east of the track, according to an official report at military headquarters.

The Mexican rebels and federal troops fought in the streets of Juarez Saturday and Sunday night, many on both sides being killed.

Many bullets from the rebel guns came across the Rio Grande, and two persons were killed and several wounded on the American side.

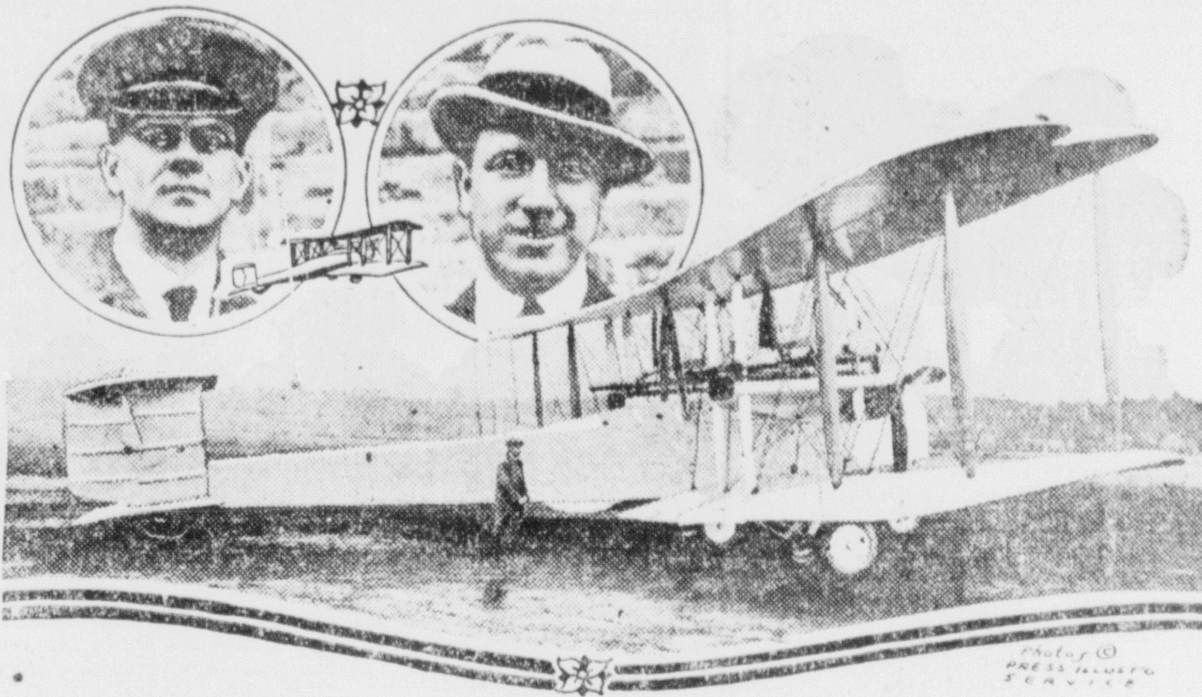

When the Mexican bullets became too thick for safety of the citizens of El Paso, Brigadier General J. B. Erwin at 11 o'clock last night had ordered American troops across the border, and in ten minutes after the order was issued 3,600 United States soldiers were in Mexico.

After the Mexican federals were allowed to retire into the town of Juarez, the Twenty-fourth colored infantry opened up with terrific rifle fire on the trenches, marking the race track.

They advanced in open order and succeeded in dislodging the Villa forces, who held the strongest positions.

At 2:30 o'clock, the rifle firing had died down, indicating the Villa forces were defeated and were being driven into the hills pursued by United States cavalry.

Plane in Which They Crossed Atlantic Badly Damaged and Will be Dismantled.

(By Associated Press)

London, June 16.—London celebrated today the achievement of the two British airmen who yesterday completed the first non-stop trans-Atlantic flight, meanwhile preparing for a formal reception for the air victors, Captain John Alcock and Lieutenant Arthur W. Brown.

Formal examination of the Vickers-Vimy plane in which the two men flew 1650 nautical miles in 16 hours and 12 minutes, from Newfoundland to Clifden, Ireland, has been completed by aero officials whose officials have established the authenticity of the flight.

Meanwhile the aviators are on their way to London. Both are well, but Lieutenant Brown suffered bruises about the face when the machine landed in a bog. The biplane was badly damaged and may have to be dismantled.

Features of the trip were the carrying of the first aerial mail across the Atlantic and two mascots—a dog and a cat.

Enthusiasm over the success of the trip, it is commented, has not been accompanied by any report minimizing the great danger they encountered.

Once they said they barely escaped being plunged into the sea. Early in

At the same time Lieutenant Brown said a stay wire had broken but of this he did not speak to his companion until they landed. Captain Alcock said he would have turned back had he known this. Bad weather accompanied by fog permitted only partial observation.

## REVISED TREATY TERMS PRESENTED TO GERMAN OFFICIALS LATE MONDAY

Clemenceau Makes Presentation and Treaty is not Yet in Complete Printed Form.

CONFERENCE AT WEIMAR

Leading Huns Assemble at Weimar to Take Action on Revised Document, is Claim Made.

(By Associated Press)

The revised draft of the treaty with Germany, which has been the subject of deliberation in the council of four for the last fortnight, will be presented to the German delegation at Versailles at 4 o'clock this afternoon.

The council will give final consideration to the provisions of the treaty before they are presented. Premier Clemenceau plans to communicate the provisions to the French Cabinet previously.

The treaty will not be presented in complete printed form as revised. The corrections in the original document have been written in on one copy, and the Germans will be handed this, with 99 other copies to correct for themselves.

Immediately after receiving the document, the head of the German mission will leave for Weimar, where the treaty will be laid before the German National Assembly. Assembled in Weimar, are political leaders from all Germany, and it is probable the German cabinet will submit the whole matter to them for the recommendation either for acceptance or rejection.

A dispatch from Berlin on Saturday said that the consensus of opinion in official quarters there seemed to be that the terms, unless modified, would be rejected by Germany.

Rumors that a cabinet crisis is pending and that a new government will be formed are discredited at Berlin.

Sections of the Austrian treaty, which were reserved by the peace conference when the main portions of the pact were laid before Austria's delegates, will be presented Tuesday. During the remainder of the week the peace conference will busy itself on Austrian and Turkish affairs.

## EXPECT HUNS TO ASK EXTENSION BEFORE REPLY

Military Leaders at Conference Held to Discuss Problems.

(By Associated Press)

Paris, June 16.—Marshal Foch, General Bliss and other military leaders attended the meeting of the council today. The meeting developed into a general windup of the German situation. It is anticipated the Germans will ask for an extension of time in which to reply to the final peace conditions.

The request, it is believed, will be based on the fact that the Germans were given only one revised copy of the treaty.

## GEORGE INSKEEP FUNERAL RITES HELD SATURDAY

Large Number of Close Friends and Business Associates Assemble to Pay Tribute to One of the City's Leading Men.

Deeply saddened by the realization of both the community and the personal loss entailed in the death of Mr. George Inskeep, a large number assembled at the home for the funeral rites on Saturday afternoon. Despite the fact that the storm broke just at the hour of the services both home and porch were crowded with representative business and professional men and friends from every walk of life. The Masonic fraternity, to which Mr. Inskeep belonged, both Knights Templar and Blue Lodge were largely represented, as were also the city banks which had all closed for the services.

Deeply impressive were the services conducted by Rev. G. E. Groves, of the Church of Christ, and Rev. Arthur P. Cherrington, of Grace M. E. church, and while the spoken word voiced appreciative tribute of those assembled, the man of wealth and influence, of stirring activity and indomitable will power, quieted only by the mystic hand of death, slept peacefully upon the satin cushions of his handsome casket of phosphoric bronze plated in silver, and around him a wealth of floral remembrance.

Rev. Cherrington conducted the opening service, reading the scriptures, the hymns: "Jesus Lover of My Soul" and offering prayer, following which Rev. Groves read a very beautiful memoir, written by Hon. C. A. Reid.

Rev. Groves, after introductory remarks upon death as the one thing that each individual must meet, spoke with warm appreciation of the many sided life of Mr. Inskeep. As the merchant, the banker, the builder, the manufacturer, the farmer, and in each eminently successful and because of his varied interests he had come either directly or indirectly in contact with practically every person in Washington Court House.

The minister cited among leading traits of his character, his honesty, which in all dealings could be absolutely relied upon; his energy, enabling him to put over an astonishing amount of work, regardless of the fact that he was never in rugged health; his steadiness—when a decision was made it was with promptness and he moved steadily toward its accomplishment, undaunted by trials or failures which would have discouraged a weaker man; his helpfulness both to the poor man and the man of means, furnishing employment to a large number and to the man of means opened up new channels for the investment of his capital; his kindness and courteousness in all dealings, and most of all in his home life, and in his

constant thought for the wife to whom he was so deeply attached.

The hymn: "Face to Face" a favorite of Mr. Inskeep's mother, was read in closing.

A large number accompanied the family to the Washington cemetery, where all that was mortal was laid to rest. Acting as pallbearers were: Messrs. George Jackson, Wm. H. Dial, C. U. Armstrong, Glenn H. Woodmansee, Calvin Holmes, M. J. Hagerly, John Sutherland, Wert Shoop.

Among the magnificent tributes of flowers, besides those sent by relatives and friends, there were superb designs from The Inskeep Mfg. Co., the P. Hagerty Shoe Co., the Washington Savings Bank and Trust Co., the Willis Lumber Co., the four banks, the Commercial, Midland, Peoples and Drovers and Fayette County; Managers Hagerty Shoe Co.; The Herald Publishing Co.; Garfield Commandery and F. & A. M.

Relatives who came from a distance for the services were Messrs. John and Origin Inskeep, of Russellville; Mrs. Sue Schaub, a sister, of Lincoln, Ill.; Mr. Hodley Schaub, Ottawa, Ill.; Mr. and Mrs. C. W. Ribber, a sister, and daughter, Mr. and Mrs. B. R. Ribber, of Hillsboro; Mr. Edward Inskeep, a brother, of Urbana; Mr. and Mrs. W. H. Taylor and daughters, Mrs. Louis A. Taylor, Mrs. Louise Whittington, of New York; Mr. Lee McKibben, Germantown, Ky.

## YOUTHS FINED IN JUVENILE COURT

A case of considerable importance in juvenile circles was that Monday morning against Orville Stritenberger and Wm. DeWees youth residing outside of the city, charged with contributing to the delinquency of a girl of retarded mentality who is under 17 years of age.

The charge was filed by Probation Officer Lucy Franklin, who has set to work to break up such cases.

Stritenberger was fined \$100 and given 90 days in the Xenia workhouse, the work house sentence and half of the fine being suspended upon promises of better behavior and payment of half of the fine. DeWees was fined \$50 and costs and one-half of the fine was suspended pending good behavior.

## PRICE INSISTS LIQUOR LICENSE BOARD OBSOLETE

Attorney for Board Admits Functions of Boards at End.

Court Expected to Decide Case at Once.

(By Associated Press.) Columbus, O., June 16.—Standing firm on his former opinion, Attorney General John G. Price before the State Supreme Court today held the prohibition amendment to the constitution which went into effect May 27th, repealed the entire liquor license law and members of state and county license boards were automatically turned out of office on that day.

James I. Boulger, representing the license board, admitted that the functions of the board to issue licenses had ceased, but the board still had functions to perform in collection of liquor taxes. Because of the increased number of illegal sales, Boulger said, the duties of the board had been greatly increased. It is expected the court will render a decision in a day or two.

Solons will go to Camp Sherman Tuesday.

(By Associated Press.) Columbus, O., June 16.—Ratification of the Federal suffrage amendment was expected to be the first action of the legislature after it convened at three o'clock this afternoon to finish up the work of the session.

At the governor's office it was stated the amendment would be transmitted to the legislature as soon as it convenes.

Only absence of any great number of members would prevent action today.

It was reported at the executive offices today that another new emergency financial relief bill for city and school districts was being framed by the joint taxation committee.

It is probable that the legislature will go in a body to Camp Sherman tomorrow at the invitation of General E. F. Glenn. Arrangements for the trip were being made by Senate Clerk W. E. Holley.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

Notwithstanding a noteworthy past record the Flag Day services conducted by the Daughters of the American Revolution Saturday afternoon were inspiring an affecting to an unusual degree as they were held upon the Court House lawn Saturday afternoon.

Mrs. Harriet B. Woodward, Regent presided and followed the singing of "The Star Spangled Banner." Rev. J. L. McWilliams offered prayer.

Miss Ethel Spray gave a most pertinent reading on Ohio's Flag Laws, its welcome information, received with deep interest, "Flag o' My Land" was a patriotic recitation, beautifully given by Jean Michaels. Miss Virginia Ellis gave a very interesting reading, "The History of the Name Old Glory."

The address of the occasion was delivered by Hon. Frank C. Parrett, his subject, "The Responsibility of Citizenship," it was a splendid address, and presented with the forcefulness and convincing eloquence that have given to Fayette county's young Senator unusual prestige in the General Assembly.

Before introducing his subject Mr. Parrett paid high compliment to the Daughters of the American Revolution and the loyalty with which they had been true to their Revolutionary ancestors in the support of the Government through the war period.

Mr. Parrett gave fervent eulogy to the flag of the United States and the principles which it upheld through each of our country's wars, culminating in the world war. He said "Americanism is now known throughout the world as the synonym for humanitarianism" and made the statement that Bolshevism is a disease, the consequence of world unrest and war as truly as typhus is a disease following famine. The greatest present danger of the United States lies in the illiteracy of her people. Especially is this a menace in Ohio, where 200,000 people neither read nor write. Unless there is a radical change between now and the opening of the Fall term of school there will be 50,000 children of school age not in school.

Mr. Parrett touched upon the fact that the Legislature is today as never before the spokesman of the people and dares not defy the people's wishes.

Prolonged clapping followed his statement that Ohio's General Assembly would ratify the Suffrage Amendment and that he would give to it his own support. He added a few pertinent words concerning the responsibility of the passing of this amendment would bring to women, and more would fall upon them all the more heavily in these restless times.

The services closed with the singing of "America" while over the gathering floated the beautiful silk flag the Daughters had presented to Co. M. upon their return from Mexico, and the continental flag.

Miss Mildred Wolf assisted in the music with the violin.

Miss Elizabeth Sprenger delightfully entertained seventeen of her young school friends in the same grade, at an exceedingly pretty garden party, ending late in the afternoon by a delicious picnic supper.

The large grounds of the home were bright with June roses and fragrant flowers and the out door features made the affair doubly enjoyed. There were two guessing contests in which Helen Kearney and Mary Durant won first prizes and Prunna Deheart and Glyds Griffiths consolation prizes.

The young hostess was assisted in the cordial hospitalities by her grandmother, Mrs. H. L. Hadley, mother.

Mrs. William Sprenger, Mrs. Harry Sprenger and Miss Marie Moore.

The guests included Ruth Tanquary Virginia Hays, Jeanett Haver, Mary Brown, Portia and Elizabeth Brown, ell, Florence Schadel, Helen Kearney, Mary and Jane Durant, Mabel Sunkle Anna Lee McFadden, Gladys Griffith, Prunna Deheart, Elizabeth Hicks.

Seldom has there been a more enjoyable family gathering than the one which was entertained Sunday by Mr. and Mrs. James Hays at their country home on the Prairie pike, where they will spend the summer.

Forty of the immediate family connection assembled on the big shady lawn, where long tables were laid beneath large trees for an elegant picnic dinner.

The scene was most attractive, with the tables prettily decked with roses and sweet peas.

The special interest of the occasion centered in the honor guests, Enault and James Hays, the two sons recently returned from overseas. The experiences related and their showing and explaining of souvenirs brought home added immensely to the zest of the afternoon.

Mrs. Hays was assisted by her mother, Mrs. E. A. McCoy, Mrs. J. E. McLean Mrs. Earl Barnett and Mrs. Walter Hays.

Among those present were Mrs. T. M. Hare, Westerville, Mrs. Allie Jones, New York, Mrs. William Barrett North Dakota.

Miss Ercell Crispin has returned to her home, after a weeks visit with friends and relatives in Columbus.

Miss Mary Keaton and Naomi Hawk spent the week end in Xenia and Dayton.

## CHILDREN'S DAY AT GRACE CHURCH

Children's Day was observed Sunday at Grace M. E. Church with a very taking program at the Sunday School hour.

The chancel was beautifully decorated in masses of green, with tall floor vases of flowers at the sides.

The Primary class opened the program with pretty songs and all the numbers were well given.

Among the special numbers were cunning recitations Mary Theresa Morris, Billie McFadden and Jean Cavineer; a Rainbow exercise beautiful in color effect by the girls of Mrs. Henry Sparks' class; taking exercise by Miss Mina French's class of boys; a very pretty song and drill by the girls of Mrs. Jess Feagins class and cunning exercise by five little girls from Miss Dora May Stewart's class. A. Worrell and, according to Mr. Worrell, offered to make full payment for the goods stolen.

Mr. Worrell promptly refused to accept payment, believing that where offenses are committed the guilty party should be made to suffer and not be allowed to buy himself out of crime by offering to pay for goods stolen.

## Ohio in the Hall of States

Hundreds of Ohio soldiers, lying wounded in the great DeKalbston Hospital of New York are getting their first touch of welcome through the activities of women volunteers stationed in the Hall of States in New York City. Where men from other states are greeted by secretaries sent here by their governments—some of them backed by large appropriations, such as Michigan's \$50,000, Kansas's \$25,000 and Massachusetts's \$50,000—the Ohio ladies who are wounded are largely dependent on the activities of the Ohio women in New York, which is composed for this work of the Daughters of Ohio in New York and the National organization of similar name. From these women the men get the "homey" letters that they crave so much and the home welcome that they appreciate so highly.

While the opening of the Ohio Society's rooms in the Waldorf to service men has taken care of many of the needs of the doughboys and gobs who are able to get about, the sending of cheer to the wounded men who arrive, more or less "blue," at the great distributing hospitals, centers about the Hall of States, maintained by War Camp Community Service at 27 West 25th St. in a building that was formerly the rectory of the rich Trinity Parish. Here are housed Hospitality Committees from forty states. Here "Buddies" meet at the war's end and homefolks welcome the boys back from the trenches and the deep seas.

## BRITISH AFTER ABUNDANT JUICE FOR THE NATION

(By Associated Press)

London, May 14.—(By Mail)—England is preparing to provide herself with cheap and abundant electricity for heating, lighting and manufacturing purposes at an initial cost of approximately \$100,000,000. The bill to accomplish that result has been introduced in Parliament by the Home Secretary and with the endorsement of the government as well as of people of all classes, it is expected to become a law in the very near future.

The plan for placing the country on an electrical basis provides for its division into districts, each district to be in charge of a commission. This body, whose members are to hold office at the pleasure of the King, will be empowered to acquire generating plants and transmission lines already built and to build such plants and lines as it may deem necessary. The commissioners are to conduct experiments for the purpose of improving methods of supply for which purpose they will be empowered to call to

To all of these the Ohio women give help. Sometimes they take a "Blue" lad to dinner and to the theatre. Sometimes they find the lost loved ones. For those who need jobs the War Camp Community Service maintains at the Hall of States a nation-wide employment bureau. Its manager, J. H. Verrees, canvasses Ohio and other states for positions for the men.

The highly important work of writing to the men in the hospitals as soon as they come in can be accomplished only from the Hall of States as it is the only place in New York where a list of the new arrivals divided by states is available. Under a system perfected by War Camp Community Service, the names of wounded men who arrive each day on the transports—sometimes to the number of 4,000 in twenty-four hours—are sorted into state lists and handed to the Hospitality Committees. The Ohio women immediately send to each wounded lad from home an invitation to call, or if that be impossible, to express any need or wish. "Thank God for your letter, please come to see me as I am very lonesome" is a fair consensus of the answers they get from bedridden men.

Mrs. M. M. Reynolds is executive secretary of the desk and the others helping her are Misses William Alger, J. G. Phil, J. J. Sullivan, W. J. Caughers, Maynard Owen, Enoch Forsaker, John C. Toole, S. W. Perry, Walter Fedder, Ray D. Henkle, Albert Sellenings, S. C. Probasco, D. T. Larimore, William F. Bonner, Edward W. Work.

their assistance an advisory committee of unquestioned experts.

It is not the purpose of the government to build all the electrical apparatus in the country but private corporation entering the field must obtain the consent of the government and abide by its regulations.

Water power will be extensively used in generating electricity to reduce the cost and to stimulate its use for manufacturing and domestic purposes.

It is also said that within a reasonable time every railroad in the country will be electrified.

## MEX. USE MOVIES

Mexico City, May 24.—(Correspondence of the Associated Press).—Moving pictures will be used by the Mexican government to demonstrate to Mexicans how to apply modern machinery to farm life. Pastor-Rouaix, Secretary of Agriculture, and several federal engineers have left the capital on a tour to promote better farming, using the pictures to show the farmers how to do it.

## SERVICES HELD BY ODD FELLOWS HONORING DEAD

Appropriate and impressive services marked the memorial day program of the Odd Fellows, Temple Lodge No 227, Sunday Afternoon.

The services held in the Temple included a splendid address by Hon. C. A. Reid, and was exceptionally well attended and most thoroughly enjoyed by an appreciative audience.

Mr. Reid's remarks were based on the principles of the order, namely, Friendship, Love and Truth. The standards of the order and the doctrines involved came in for a full share of praise and the speaker's tribute to the fraternal associations were especially fitting.

Upon completion of the program at the hall the order went to the Washington cemetery and with a profusion of the most beautiful flowers of the season the graves of the former members well over a hundred, were decorated by the members of the decoration committee. Eleven member of the lodge died during the past year.

## Safe-Guard Your Complexion

In selecting a complexion powder, do not for a moment forget the extremely delicate nature of the skin for it may be damaged seriously by even a few applications of an unfit product. Your complexion is safeguarded by the perfect purity of Garden Court Face Powder; by the extreme care employed at every step of its production; and by the skill acquired in many years of experience.

Nor is this all. It has been noted by every user that Garden Court Face Powder has remarkable spreading and clinging properties—that is, it is easy to apply uniformly, and stays until washed off.

This is partly because the correct ingredients are used and partly because of its extreme fineness. The dry ingredients are sifted three times through silk bolting cloth having 14,000 meshes to the square inch. Thus a particle of powder having a diameter of the hundredth part of an inch would not begin to pass through one of these meshes, yet it would be so small as to be almost invisible. 50 cents.

One thing that Dempsey figures

NOTED JUVENILE  
JUDGE ADDRESSES  
LARGE AUDIENCE

Judge C. W. Hoffman of  
Cincinnati Makes Plea for  
Better Understanding.

Interesting Statement of  
Facts Presented by Lead-  
er in Juvenile Work.

At the regular Sunday morning ser-  
vices of the Grace M. E. Church, Judge  
C. W. Hoffman, of the Juvenile and  
Domestic Relations Court of Cincin-  
nati, and national president of the  
Probation Association of America,  
gave a most interesting talk on top-  
ics connected with the Juvenile and  
Domestic Relations Courts.

The speaker was introduced by Mrs.  
J. Bruce Franklin, local Probation  
officer. Mrs. Franklin stated that  
Judge Hoffman was ranked with the  
four great Juvenile court judges and  
had accomplished as much or more  
for the betterment of child welfare  
than any man in Ohio.

Judge Hoffman first spoke of the  
general attitude of the public toward  
the criminal and he claimed that it  
was one of hatred rather than a feel-  
ing to help him overcome the handi-  
cap of the mark of a convict.

"But on the other hand," declared  
the speaker, "no one has ever visited  
a criminal institution without going  
away with a feeling that injustice is  
being done."

The speaker declared that men and  
women are being tried in the courts  
with a method that is now obsolete.  
He declared the criminal was tried  
and convicted as a class and not as  
the individual.

Among the facts brought out by  
the Judge in his address was that the  
Juvenile Court is not a criminal court  
and that every delinquent child  
brought before the Juvenile court  
could be reformed.

"The day is fast approaching," he  
declared in closing, "when the chil-  
ren of the country will get a fair  
deal."

Judge Hoffman's address was in-  
tensely interesting and enlightening.

CHAMPIONS WILL  
WRESTLE AT FISH  
AND GAME PICNIC

Announcement was made Monday  
morning that one of the big features  
of the Fish and Game Protective As-  
sociation picnic at Cedarhurst, Wed-  
nesday, will be a wrestling bout be-  
tween Oisha, Japanese champion ju-  
jitsu wrestler of the world, and Mat-  
suda, champion lightweight wrestler,  
American style, of the world.

These two champions will put on  
one of the classiest exhibitions ever  
seen in the state, and as the ju jitsu  
style of wrestling is fully as fast again  
as the American style, the event prom-  
ises to be full of absorbing interest  
from start to finish.

Incidentally the two men will ap-

ker, the aviator who recently made  
an unsuccessful attempt to cross the  
Atlantic from Newfoundland, is  
credited by the Central News as say-  
ing with regard to Captain Alcock's  
achievement:

"It was a magnificent and very fine  
feat. I am glad Captain Alcock was  
able to make the flight in real fashion  
without warships and all that sort of  
thing."

"It is gratifying from that point, in-

"BLUEBEARD" IS  
HELD IN PARIS

Paris, May 15.—(Correspondence of  
The Associated Press)—Landru, called  
by some French newspapers the  
"Bluebeard of Gambais," might take  
rank among the most celebrated of  
French criminals, if only a few of  
the suspicions against him were estab-  
lished. He was arrested a few weeks  
ago.

The disappearance of a round doz-  
en of his "fiances" is alleged. He is  
suspected in more than a hundred  
other cases by husbands whose spouses  
have deserted their firesides or by  
families that have lost track of relatives.  
The police consider most of  
the hundred additional cases as in-  
stances of disappearance that are  
common in Paris. A few of them pre-  
sent features similar to those of the  
dozen fiancées and detectives are in-  
vestigating them.

More than 3,000 women have been  
lost to sight in Paris during the war.  
This number is not regarded as ex-  
traordinary considering that such dis-  
appearances are common in Paris in  
normal times and that they have been  
particularly favored by conditions that  
have prevailed since the mobilization  
in 1914. A great many families have  
broken up or scattered.

Speaking of cake, don't you just  
long for the short kind?

RECENT STRIKE  
WAS A BIG ONE

Berlin, May 12.—(Correspondence of  
The Associated Press)—The strike  
recently concluded in the Ruhr coal  
district has cost the miners 75,000,000  
marks in wages. The output deficit  
for April is 3,300,000 tons represent-  
ing more than 140,000,000 marks. The  
loss to physical property is believed  
to be so great as to preclude profitable  
operation for a long time to come.

The miners in the Ruhr coal fields  
are more than 100,000,000 marks out  
on their wages account as the strikes  
have been going on intermittently  
since the beginning of the revolution.  
In the Hanborn district miners struck  
63 days out of 140 working days be-  
tween November 9 and April 28.

The loss to the nation as a result  
of the coal strikes cannot be com-  
puted. It caused a general paralysis of  
railway traffic, the shutting down of  
industrial plants and a loss of revenue  
and freight to the state railways.  
The national strike fever is believed  
to have caused a depreciation in the  
national currency of more than 16,  
000,000,000 marks and to have aided to  
depress the value of the German mark  
abroad.

# GALLO-TAILORS WERE SHUT OUT BY LOCAL TEAM

The "Undefeated" Visitors Strike Buzz-saw in the Naughty Curves From Reno.

Breeze Whiffing by the Gallos and Long Drives by Athletics, Features.

The Gallo Tailors of Columbus went down to defeat for the first time this season at the hands of the Washington Athletics at Sunnyside Park, Sunday afternoon. The game was a perfect exhibition of shut-out twirling by Reno, on the hill for the locals, with a final score of 5 to 0.

Washington scored in their half of the first frame on a sacrifice, a stolen base, and a terrific three base drive by Hi Grandle.

Clifton, the moundsman for the Tailors, came here with a record of six wins, including three shutouts and the healthy manner in which the local sweat-smith pared off his choice offerings was a feast for the fans. Nine clean bingles were registered up for a total of 14 bases which cashed in for 5 runs.

In the meantime Reno was applying the whitewash in commodious quantities and not one of the enemy passed third base. Four bingles, distributed evenly along the way, were the only curves sorted out by the visitors, batsmen.

Lengthy base drivers were in style for the afternoon's pastime and two of the triangle bingles were gathered by the Tailors while another of the same kind was secured by Hi Grandle. Nip Jones drove the ball to the scoreboard for the circuit in the third inning.

Both pitchers had the batters fanning the ozone and eleven Tailors were out via the strikeout route, while Clifton the Gallo hurler, was able to get an even half dozen of the breeze whiffers.

The true strength of the Washington team was thoroughly emphasized. The come back of Reno was a welcome surprise for the fans. He had a world of stuff on the ball and was master of the situation at all times.

Despite the threatening clouds, a goodly number of the fans were on hand. Several of the fans were heard to say that all the team lacked from being a league outfit was a set of new uniforms.

The lineup:  
Washington—Whited cf., Jones 3b., Noon lf., Adams 2b., H. Grandle 1b., Reno p., Corwin ss., Turner c., A. Grandle rf.

Gallo Tailors—Williams 2b., Fisher 1b., Chapman 3b., Clifton p., Weakley lf., Landren cf., Freshman rf., Wetsel ss., Hooley c.

The score by innings:  
1 2 3 4 5 6 7 8 9—  
Washington... 1 0 1 0 1 0 0 2 x-5  
Gallo Tailors... 0 0 0 0 0 0 0 0 0-0

Batteries—Reno and Turner; Clifton and Hooley.

Three Base Hits—H. Grandle, Freshman, Weakley.

Home Run—Jones.  
Struck Out—By Reno 11; by Clifton 6.

Base Hits—off Reno, 4; Off Clifton 9.

Umpire—Smith.

English girls of W. R. A. F. boxing for soldiers.

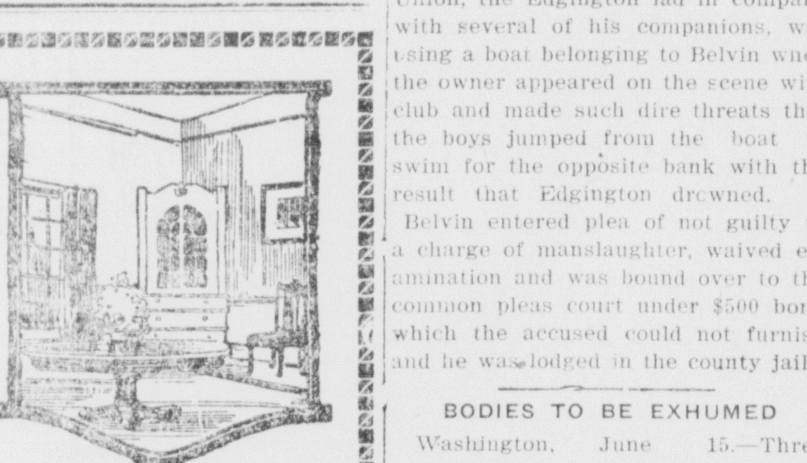

Women's work for the fighting forces didn't end with the signing of the armistice. The importance of entertaining the soldiers grew with the cessation of hostilities and greater forces than ever were needed in this work. The photo shows how two English girls have been entertaining the Tommies. These girls, adepts at boxing, are staging an exhibition bout for the soldiers. A Tommy cheerfully volunteered to referee.

# The Right Varnish

Varnish intended for inside floors usually proves unsatisfactory when used on front doors and other exterior surfaces. Varnish made especially for standing wood-work may fail entirely when used on a floor.

There is no one varnish good for everything.

That's why Lowe Brothers make different varnishes for different purposes—and that's why we sell Lowe Brothers Varnishes. We have one for each varnish need.
